Helping disabled children

Family Fund is pleased to offer you a grant for outdoor play and leisure equipment. We work in partnership with Atlantic Trampolines, to offer a wide range of good quality outdoor play equipment, all year round. Their team of specialist advisers can help you put together the perfect package, to allow your child to have fun and stay safe.

How to use your grant

You can order your outdoor play equipment online or over the phone (overleaf). Simply quote the unique reference code shown in your grant award letter or email.

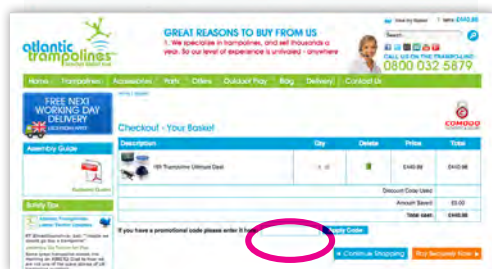

Remember

Outdoor play grants can be used for all outdoor play equipment, including trampolines. If you have money left over, after purchasing your grant item, this can be used on other outdoor play equipment. Please note, however, that there is no cash alternative available.
